CAPABILITY STATEMENT

<https://www.isc.org>

Internet Systems Consortium, Inc. (ISC) was founded in 1994. We are a mission-driven non-profit organization dedicated to developing software and offering services in support of the Internet infrastructure. ISC develops, publishes and provides expert technical support and consulting for the most widely-used DNS software system, BIND, as well as the most common DHCP software suites, ISC DHCP and Kea. Internet Systems Corporation is a wholly-owned subsidiary of Internet Systems Consortium.

CORE COMPETENCIES

- Open Source Software development, maintenance and level 3 technical support
- Advance notification of software security vulnerabilities
- Consulting and configuration audits for DNS and DHCP deployments.
- Private training at your location in BIND/DNS systems administration.

ADVANTAGES

- ✓ 20+ years experience in DNS and DHCP protocol design
- ✓ Acknowledged technical leader in writing Internet standards in DNS, DHCP, IPv6, and other network infrastructure topics. ISC staff have authored over 70 IETF standards and drafts.
- ✓ 7 x 24 technical support coverage with SLAs.
- ✓ Sole source for BIND Advance Security Notifications
- ✓ As the sole committers for BIND, ISC DHCP and Kea open source projects, ISC is the only one who can fix your bugs in these projects.
- ✓ Publishers of the Internet Domain Survey, the longest-running survey of the number of computers connected to the Internet.
